

Hiring Ad for a Civil Estimator at an Excavation Company

Are you a highly motivated and experienced civil estimator looking for a new opportunity? Do you have a strong understanding of the site work construction industry? If so, we'd love for you to join our team at BMP Consultants, LLC.

About Us:

BMP Consultants, LLC is a reputable excavation company with a proven track record of delivering high-quality projects on time and within budget. We specialize in providing comprehensive excavation services for various industries, including residential, commercial, and industrial sectors. Our commitment to excellence, safety, and customer satisfaction has always been our top priority.

Job Description:

As a civil estimator, you will play a crucial role in our project planning and bidding process. You will be responsible for accurately estimating the costs associated with excavation projects, including materials, labor, equipment, and subcontractors according to the plans. Your expertise will ensure that our bids are competitive while maintaining profitability. This is a hybrid position so applicant must have access to a mobile workspace. Pay is based on experience.

Responsibilities:

- Analyze project plans, specifications, and other relevant documents to determine project requirements.
- Conduct site visits to assess existing conditions and potential challenges.
- Collaborate with project managers, engineers, and subcontractors to gather necessary information for accurate cost estimation.
- Prepare detailed take-offs and quantity surveys.
- Utilize industry-standard software and tools to generate accurate cost estimates.
- Research and analyze historical data to identify trends and improve estimating accuracy.
- Keep up-to-date with industry trends, pricing fluctuations, and new technologies.
- Participate in bid review meetings and provide input on pricing strategies.
- Collaborate with the procurement team to obtain competitive quotes from suppliers and subcontractors.
- Assist in the preparation of bid proposals.

Requirements:

- Bachelor's degree in civil engineering or related field (preferred).
- Proven experience as a civil estimator in the excavation or site work construction industry.
- Strong knowledge of excavation techniques, materials, and equipment.
- Proficiency in using estimating software and tools. (Experience with HCSS Heavy Bid a plus)
- Excellent mathematical and analytical skills.
- Attention to detail and accuracy.
- Strong communication and interpersonal skills.
- Ability to work independently and as part of a team.
- Time management and organizational skills.

Benefits:

BMP Consultants, LLC offers competitive compensation packages, including comprehensive benefit packages that includes health insurance, retirement plans, paid time off, company bonus programs and opportunities for professional development and growth.

How to Apply:

BMP Consultants, LLC is an equal opportunity employer and encourages anyone with the skills we're looking for to apply. If you are interested in joining our dynamic team as a civil estimator, please submit your resume and any relevant certifications to us. We thank all applicants for their interest, but only those selected for an interview will be contacted.
